1 John 1: 1-4

This is what we proclaim to you: what was from the beginning, what we have heard, what we have seen with our eyes, what we have looked at and our hands have touched (concerning the word of life—and the life was revealed, and we have seen and testify and announce to you the eternal life that was with the Father and was revealed to us). What we have seen and heard we announce to you too, so that you may have fellowship with us (and indeed our fellowship is with the Father and with his Son Jesus Christ). Thus we are writing these things so that our joy may be complete.

A Ripple in the Tide: Coastal Cleanup

Hello, my name is Melvin Fanoway. I am the Vice President for the Student Counsel (StuCo) at Pacific Islands University. This past weekend, on Saturday September 20th StuCo has taken the opportunity to get the students involved in Guam's 20th International Coastal Cleanup. It was a great chance for us as students to help out our community by joining with other citizens of Guam and cleaning up an assigned coast. It was fun, dirty and a great chance to build community not only amongst ourselves (the students) but also with the citizens of Guam.

6am is a little early...but these guys made it fun...and they [most of them anyways] were wide-awake!

During that Coastal Clean-up it was really fun. It was my FIRST time to go out to that place. And I was so excited because I thought we'll go picking up trash at the Cave, but then we didn't. But it was fun when we picking up trash on the road coming back. I had a lot of experiences, about this people living here in Guam. It's like they don't care about this Island. This Island should be clean because its part of U.S.A. So when people come, like tourists, and not only tourists, even the other foreigners, they'll be able to have fun and enjoying their vacation of staying here on Guam. But it was good time. We did our best to pick every trash that we saw.
